

AR

27. The method according to claim 25, wherein said bacteria being treated is *Hemophilus influenza*.

IN THE ABSTRACT

Please cancel the abstract and replace with the following:

The present invention relates to an oral delivery system containing a bacteriophage associated lysin enzyme for the treatment of Streptococcal A throat infections, commonly known as strep throat.

The application is now in condition for allowance. Please call the undersigned at (301) 603-9071 if you have any questions or comments. Thank you.

Very truly yours,

Jonathan E. Grant
